technical information

ANTIQUE 40 colour enhancer

Description
ANTIQUE 40 is wet look sealer to be used when one wants to avoid etching either of a sandblasted or of a rough surface. stones treated with **ANTIQUE 40** take a warm colour shade and the natural veins are extremely enhanced. The product can be used for indoor as well for outdoor surfaces. Furthermore, as a consequence of the treatment with **ANTIQUE 40**, surfaces also get stain-proof features.

Application
Apply the product with a brush. On fine honed surfaces, apply just a little product with a cloth trying to avoid product accumulations.

Maintenance
For periodic maintenance of indoor surfaces, wash the flor with CLEANER 53 neutral pH cleaner. Every 6-8 months or when needed, clean the surface, then apply the maintenance wax WAX 63.

Caution
Flammable product. Provide adequate room ventilation when used in confined spaces. Avoid sources of heat and flame. Protect eyes and skin from contact. Do not ingest.

Fortuitous leakage and waste disposal method
In case material is released or spilled, clean up the most of the product and neutralize. Absorb any residue with sand, sawdust etc. Store the residue in metal tanks and call for a specialized company.

Coverage: 12-18 m²/lt.
Storage: Keep the tin closed and in a cool place.
Shelf life: 1-2 years
Packing: 1 L. bottle (12 per carton) - 5 L. tin (4 per carton) - 10 L. cans - 25/60 L. drum

Technical data
Appearance	: Limpid liquid
Colour	: Amber
Odour	: solvent
pH	: N/A
Spec. gravity (20°C)	: 0,820 gr./cc
Flashing point (ASTM D 56)	: 46°C
